When I'm on the loose
It is you who's shining through and through again
Whenever the rain comes down, the sun turns gray
When I needed you, you were always there
When it comes to you, really nothing can compare

You feel what I feel, know what I know
Even through the darkest night
You'll see what I see
There's a reason to believe in you and me

I would die if you left me
Drowning in sorrow
Baby don't kill me tonight
Would you hold on to me, girl?
And love me tomorrow

When I'm feeling blue
It is you who's reaching out for me again
Whenever I need your wings to fly away

You feel what I feel, hear what I hear
Even through the darkest night
You'll sleep when I sleep
There's a reason to believe in faith cause

Heaven sent me you

I would die if you left me
Drowning in sorrow
Baby don't kill me tonight
Would you hold on to me, girl?
And love me tomorrow
Love me tomorrow again

So if you need me, I will be near
Another thousand miles, I will be there
I will hear you, I will see through
Even through the darkness I'll be true

I would die if you left me
Drowning in sorrow

Baby don't kill me tonight
And so I wrote you these words down
For you to remember
For you to remember why
I love you
