Look ahead discover who you are  
Your future is near no it's not that far  
Don't look back don't look back not now  
Bide your time for a new lease on life

Look ahead turn over a new leaf  
The bygone days are filled with so much grief  
Don't look back don't look back oh no  
I know you'll find meaning in your life

So why don't you try to cross the line  
What's your sorrow  
Try and you will be on cloud nine  
I cross my heart and hope to die  
And everything's alright  
To get you passes that line

Your state of mind was really down the drain  
I'm glad you realized and switched lanes  
Don't look back don't look back not now  
I know you crossed the line so carry on

And now you finally cross the line  
What's your sorrow  
I guess you will be on cloud nine  
I cross my heart and hope and die  
And everything's alright  
Since you passes that line

What's your sorrow  
I can't find  
I'm so glad you've changed your mind  
Everyone sees I can fly tonight

So now you finally cross the line  
I guess you will be on cloud nine  
I cross my heart and hope to die  
And everything's alright  
Tonight

What's your sorrow

I can't find
