Find a piece of happiness, on a rainy day
These higher are ablaze
Could we ever stop the bid on earth
Built it up inside nowhere left to hide
Memories of a better time, buried in my mind
Hard to leave behind
Still hearted by the emergent
Lie into my face
Feel another place

I need a sample for a state of mind
IãfÂçâ, -Â™ m not investment for a better time
IãfÂçâ, -Â™ m not gonna start until hit the line
Start thinking read between the line
Live every day like itãfÂçâ, -Â™ s your last

Honestly I donãfÂçâ, -Â™ t believe
That we will ever see
What we meant to see
So, forget the negativities
IãfÂçâ, -Â™ m living in the world

Like a refugee

I need a sample for a state of mind
IãfÂçâ, -Â™ m not investment for a better time
IãfÂçâ, -Â™ m not gonna start until have the line
Start thinking read between the line
Live every day like itãfÂçâ, -Â™ s your last

Honestly I donãfÂçâ, -Â™ t believe
That we will ever see
What we meant to see
So, forget the negativity
IãfÂçâ, -Â™ m living in the world
Like a refugee

Our cause is stronger
Our love will heal
