Staring at the clock it's 5 to 8
There not much time but I can wait
To get myself out of here
Thinking about how I can say
it's the young guys who go away
I think it's time to run away

Never sit out to tell the truth
Now Im here, Im watching you
To listen to what you have to say
I really try to stay
But Im going my own way
I want to live from day to day

I have always lived this way
And I dream therell come a day
(just get away)To run away, just get away)to get away
Now Im strong enough to say
That Im living my own way
(just get away)To run away, to get away(the only way)

Straight through that door
but you arrive there before
to see what's on the other side
every time I was afraid
now it's time I go away
always anger, always hate
it's not too late

to run away
without a cause
it's not too late
cause you're the boss
so get away

I have always lived this way
And I dream therell come a day
(just get away)To run away, (just kiss my ass) to get
away
Now Im strong enough to say
That Im living my own way
(just get away)To run away, (just get away) to get away

I have always lived this way
And I dream there'll come a day
(just get away) To run away, (suck my dick) to get away
Now I'm strong enough to say
That I'm living my own way
(just get away) To run away, (just get away) to get away

To get away
Without a cause
it's not too late
Cause you're the boss
So get away

You wanna get away
