How Could I Take It So Far

Threes are black
Life is grey
This is the day feels empty
He won't come back
Maybe some day
Now that is a dream of me

My life is changed
Your life is gone
There is no choice to stay
It was so strange what we have done
To keep alive these days

I can see in your eyes a smile that makes us happy
I can see in your eyes you're wrong
I remember the day when we were so happy
How could I take it so far

Morning rain
The sky keeps grey
The sun will come some day
All your pain turned to my heart
But I know you keep it this way

Threes are black
Life is grey
This is the day feels empty
He won't come back
Maybe some day
Now that is a dream of me

Cause I can see in your face a smile when you was
happy
I can see in your eyes you're wrong
I remember the day when we were so happy
How could I take it so far

And now I'm overdone

Cause you
Cause you are gone

I can see in your face a smile when you was happy
I can see in your eyes you're wrong
I remember the days when we were so happy

How could I take it so far
How could I take it so far
How could I take it so far
How could I take it so far
How could I take it so far

So far so far
