Life is a game
Never the same
I feel so alive
I know that I'm lucky

Is it the place
Where I grew up
The smile of my mom
I know that I'm lucky

Now I'm willing to share my bliss with you
Are you ready to change your life for good

Oh believe
Your past is not your enemy
Think again cause
It's only getting better than before
Before

I had it all
You were alone
Nowhere to go
Yeah I know that I'm lucky
Now you're grown up
No battle is lost
Cause everything will change from now

Oh believe
Your past is not your enemy
Think again cause
It's only getting better

If life is unfair
You know that I'm there
We've reached the point of no return
You're my better half
Just me and yourself
There's nothing you can say to me right now

It's such a blast
This has to last
Has to last

We can fly away
We can die today

Nothing left to say
We'll find our way
Lucky

Your life has just begun
Close your eyes enjoy the sun
Yesterday is far away now
So nothing can go wrong

Are you ready to change your life for good?
