Excuse me for my ignorance  
I blame it on the past but I'd  
Like to introduce myself  
Believe we've never met

Every little part of you  
Perfectly designed you are  
Dazzling the pool away  
The love I had in mind

Let me take you  
For a ride in my dreams  
Tonight

Over and over  
I need you  
Believe me this time I'm ready  
There's no tomorrow  
Just give me the pleasure  
Do you feel affection right now

Girl I love your innocence  
Slightly insecure and I  
Like the scent of your perfume  
It knocks me to the floor

Your lips are representing  
The benefit of life and I'm  
Standing here a touch away  
From the love I had in mind

Let me take your  
For a ride in my dreams  
Tonight

Over and over  
I need you  
Believe me this time I'm ready  
There's no tomorrow  
Just give me the pleasure  
Do you feel affection right now

Over and over  
I need you  
Believe me God help me out this time!  
I'm ready  
Move closer  
Release me cause I want you right now
