Welcome to my humble place  
Glad you came  
Hope you recognize my face  
And know my name  
I can teach you how to write  
And play like hell  
Or transform you in just  
One night to Britney  
There's so much fire in me  
There's nothing to it for me  
Just a small  
Insignificant request  
Sell your soul  
And I'll play you a wicked melody  
Sell your soul  
In return for my evil poetry  
I'll write the perfect song but  
I need something from you of course  
Sell me your soul and it's yours  
If you wanna rock the world  
Just sign here  
You can be bigger you see  
Than anybody but me  
Just a small  
Diabolical demand  
Sell your soul  
And I'll play you a wicked melody  
Sell your soul  
In return for my evil poetry  
I'll write the perfect song but  
I need something from you of course  
Sell me your soul tonight  
I need you  
And you need me  
Sell your soul  
And I'll play you a wicked melody  
Sell your soul  
In return for my evil poetry  
I'll write the perfect song but  
I need something from you of course  
Sell me your soul and it's yours
