Take You Home

Look your eyes
I see inside a great paradise
Look your face
I want to ask if we can find another place

Oww mum I pass
Cause I'm in love
Oww I am in love
But I need love

In a darkness I can see
What a great time for me
In a darkness I've learned
How to keep
How to turn

Oww what I say
It's you otherday
Voice in my head
Makes me feel bad

I can't wait to take her home
Cause I don't want to be alone
I want to proove another live's
I want to show my paradise

Come on come on
JUMP!
RIGHT!
LEFT!
Jump
I am, I am, I am,
I love you
Cause I love you
Cause I love you
Cause I love you
