Save in the heart of the night
Walkin' away from the crowd in the dark
Findin' my way through the stars
Mend to be free, but my feet on the ground

When I'm asleep, I awake
And by the day I come alive
And I feel I'm on my way
Like a chase of night and day

Holdin' the sun in my hands
Dancin' alone on the top of the world
Back again at the starting line
Takin' what is mine, until my time

When I'm asleep, I awake
And by the day I come alive
And I feel I'm on my way
Like a chase of night and day

Now I try to find the hidden place
And I feel, I'm on my way

Ooohohohohohohooo (4x)

And I feel, I'm on my way
Like a chase of night and day
Now I try to find the hidden place
And I feel, I'm on my way
