Underground Cafe
Some ordinary day
But so not the usual
It'll turn out to be the kind you wouldn't leave
Tonight we'll take The Hague
And defy it's tunnel
If you can't conceive of... see and you'll believe
Just follow the trail
Leading right to me
Try not to fail
Once in a lifetime
Come to prevail
Don't need permission
'Underground Cafe'
No fancy dress allowed
No jar of caviar
So not the place for those who need champagne
See, two might be a crowd
But would be way too little
If you're doing something wrong, you gotta do it right
Deep down the drain
You're destination
Capital gain
A blast to the max, so
Conquer the pain
If we get busted
'Underground Cafe'
Just follow the trail
Leading right to me
Try not to fail
Once in a lifetime
Come to prevail
Don't need permission
Underground
The sound of underground
Justify... justify...
Spread it like wild fire
The more the better, follow me
Everyone should come to see
'Underground Cafe'
(chorus)
Everyone, should come tonight... go down...
