Webcam girl dot com
Tryin' hard to give me some
Dancing on my lap
Showing me the valley's of the net
Damn well she knew her job
She did
And now cammygirl has rapped me in her web

I met this brat on the internet
Had a little chat
While she's showing of her body
What's all this with the silliness
Well I must confess
Cammygirl I think you're lovely

Webcamgirl dot com
How will I explain to mum
You might be the one
Standing at the altar with her son
'Cause I never felt this way before
And so cammygirl I'm knocking on your door

I met my bride on a dirty site
Had a little chat
While she's showing of her body
Webcamgirl in a weddingdress
Well I must confess
Yes I do I really want you
Yes I do

Suddenly my moms voice
Says: "Son what's going on?
Wake up"
I didn't know I had this dream I guess

So I got my bott on the internet
Getting pretty mad
Oh my god it says expired
Webcamgirl tell me what's your add

I met this brat on the internet

Had a little chat
While she's showing of her body
Webcamgirl what a lovely ass
Oh I must confess
Cammygirl I think I love you

Webcamgirl
Bring it on
Cammygirl
Bring it on
'Cause I really think I love you

Webcamgirl
Cammygirl
Bring it on
Bring it on
'Cause I really think I love you
