"Lean Jean"

I got a gal
And she's long and thin
Real nice condition
For the shape she's in

Every time I see her
Boy, I do a spin
Lean Jean, seventeen

She fell in a
Beauty shop to get away
The owner said I dig your wig
But you need a shave

And yet there's something 'bout her
Makes me be her slave
Lean Jean, seventeen

I got a gal
And she's long and thin
Real nice condition
For the shape she's in

Every time I see her
Boy, I do a spin
Lean Jean, seventeen

Jeannie baby's knock kneed
In her bobby socks
I'm so barrel legged
When the rhythm rocks

When we stroll together
We spell ox
Lean Jean, seventeen
