Fall o'poor wire dancer of life  
Fall for entertainment.  
Our ego is mesmerized by a malicious smile  
Applause for the dying,  
Survival is a disappointment...  
Disappointment

[Chorus:]

I am the filth in angelform  
Pregnant to the incompetent ideal of a citizen.  
Ovums ruined by the seeds of the serpent  
Stomach replaced by mother's womb.  
Born for constant blasphemy

I am waiting for you in the purifying fire (Aesch  
Mezareph)  
When Baalzephon looks at me through a mirror  
Fail in my arms I won't catch you but I'll lie down next to  
you  
To observe the reflections.  
Like a parasite I am exquisite to eliminate souls.  
Your interior - wretched by my cunning cocktails  
Irrelevant nihilist.  
Depravity is my only goal  
So enter in my envenomed paradise,  
(just one taste of me and) you shall fail

I am purified  
So hate me.
