[Hersemann/Malone]

Perpetual  
Limitless  
Unending  
Infinite  
Everlasting  
Never-stopping  
Forever!!  
Procession of the Soulgrinders!  
Left unchecked  
Collective thought  
Led to guilt  
No-self-will  
Humanity's  
Weakest links  
Sympathy  
And cognizance!  
Unexplained  
What causes a human to feel insane?  
Influence surrounds  
Yet all directions lead to pain  
Mass hypnosis  
Ceaseless scourge of rational thought  
Unblinking idols  
Gazing blankly at battles fought  
The soulgrinders proceed!
