Welcome...

Welcome to my world of hate,  
damnation of my soul  
Here we could be together  
with my dreams of death, you know!

Tell me what you feel  
My queen of entity

Welcome...

Welcome to this bitter  
state of my mind  
I am dying dream  
This is my imitation of life  
Replica of sanity, yeah!

Tell me what you feel  
My queen of entity

This isn't love,  
it's something else  
Still you can't see  
why my heart belongs to you  
with all it's secrecies

But I hold the key just one more time

and I open myself for you  
But I hold the key just one more time  
I would love to kill myself for... you.

Tell me what you feel  
My queen of entity

This isn't love,  
it's something else  
Still you can't see  
why my heart belongs to you  
with all it's secrecies

But I hold the key just one more time  
and I open myself for you

But I hold the key just one more time  
I would love to kill myself for you, queen of entity!
