Immersed in spiritual servitude  
from further nations astray  
Devious tempers coming towards  
their cultic anger now disturbed

Oppressive megalomaniacs  
thinking they have the right  
to nullify a hope for peace  
Murder the life of innocence

Assassinate for invocations  
no one hears their prayers  
Exhorting, exhorting  
to a weak messiah  
Suicide missions befall

Benighted underground terrorists  
oppose the political deliverance  
Rampant running with fear  
Barbaric reasons are unclear

Planting the seed in their heads  
slaying bombs of bloodshed  
Slaying seeds of insanity  
Brainwashed fanatics of divinity

Ancient hatred!!!!
