Obliterate christian mentality  
Torture and salughter maliciously  
They only wish it was a dream  
Leaving their souls in agony

Reverent life living despair  
Lying god compelled  
Deceptive belief unanswered prayers  
Deadly belief the fools ensnared!!

Crucified condemned to die  
Behold the hatred in the eye  
Slowly lashing beating down  
Hang Christ up and bear crown  
Opposing preachers blessed faith  
Converts of our vicious sect  
Balance in the behalf  
The world's cosmic battle!!

Obliterate christian mentality  
Torture and salughter maliciously  
They realize it's not a dream  
We left their souls in agony

Reverent life living despair  
Lying God repelled  
Deceptive belief unanswered prayers  
deadly belief the cross they bear!!!

Crucified condemned to die  
Behold the hatred in the eye  
Slowly lashing beating down  
Hang Christ up and bear our crown  
Opposing preachers blessed faith  
Converts of our vicious sect  
Balance in the behalf  
Deadly deception!!
