Masters of destiny
Disrupt the foundation
Tectonic force!

Volcanic eruptions
Subterranean magnitude
Terrifying spellbound viciousness
Scalding temperature escalates
Obstruction hostile enemies attack!
Tornadic harrasment to question intent!

Dormant fires rupture
Caustic Clouds loom
Tempest undeniably threatening
Thunderous skies surge
Spirits of catastrophe
Torrential rains scar
Destines to intimidate
Dread the captive breach!

Blinding fury
Dominion of cruel
Triumphant seizure
of sacred ground!!

Fractures of vengeful consequence!!!
