The word of God  
crippling their minds  
The words of evil  
seem so divine  
Living their lives  
search for salvation  
We live for darkness  
and embrace damnation

Paralyzed children of Christ  
Blindly following his ways  
Self deceit, believing his lies  
Heaven awaits when they die!

You have been deceived!!

Break the cross,  
a Christian epidemic  
Destroy with disgust,  
faith is only a crutch  
Hypocrisy, confessing evil sins  
confined to slavery,  
Hail the Demise!
