Because We Want To!

I can do anything I want To

I can do anything I want To

I can do anything I want To

I can do anything I want To

Why you gotta play that song so loud?

Because we want to! Because we want to!

Why you always running around in crowds?

Because we want to! Because we want to!

Why do you have to dance all night?

Because we want to! Because we want to!

Why you always say what's on your mind?

Because we want to! Because we want to!

Don't try to tell me what I already know

Don't criticise me 'cause I'm running the show

Some evolution is going to happen today

I'm gonna chase the dark clouds away

Come on and help me sing it

We can do what we want to do

We can do anything

We can be who we want to be

Just tell yourself you can do it
Why you gotta play that song so loud?
Because we want to! Because we want to!
Why you always running around in crowds?
Because we want to! Because we want to!
Why do you have to dance all night?
Because we want to! Because we want to!
Why you always say what's on your mind?
Because we want to! Because we want to!
I throw a party for the world and my friends
We take life easy, the music never ends
Perfect solution to the stress and the strains
I know the sun will follow the rain
Come on and help me sing it
We can do what we want to do
We can do anything
We can be who we want to be
Just tell yourself you can do it
Why you gotta play that song so loud?
Because we want to! Because we want to!
Why you always running around in crowds?
Because we want to! Because we want to!
Why do you have to dance all night?
Because we want to! Because we want to!
Why you always say what's on your mind?

Because we want to! Because we want to!

I can do anything I want to

I can do anything I want to

I can do anything I want to

I can do anything I want to

So shake it, move it , use it , groove it

Go with the flow and take off with the show

Let me tell you its sweet and its upbeat

Me and the crew there's nothing we can't do

If you want to catch this vibe then get with us

Come on and help me sing it

We can do what we want to do

We can do anything

We can be who we want to be

Just tell yourself you can do it

Why you gotta play that song so loud?

Because we want to! Because we want to!

Why you always running around in crowds?

Because we want to! Because we want to!

Why do you have to dance all night?

Because we want to! Because we want to!

Why you always say what's on your mind?

Because we want to! Because we want to!

Why you gotta play that song so loud?

Because we want to! Because we want to!

Why you always running around in crowds?

Because we want to! Because we want to!

Why do you have to dance all night?

Because we want to! Because we want to!

Why you always say what's on your mind?

Because we want to! Because we want to
