Chorus (repeat 2X)

I want you for myself, I don't want nobody else
Trying it to me, or come between you & me
(Because we got a good thang)

[Another Level]

Why should I play the field, when it's you I want
I'm not that jealous type, but I ain't gonna front
We should just settle down, and stop foolin around
Because we both feel for each other
So why should there be those other lovers

Hook

I know what love is
so I know my feelings are true couse I feel for you
Sometimes I feel hurt, because I played the fool
(So lovin' you alone is wrong?)

Chorus (repeat 2X)

[Another Level]

Let's get the gin ammerin' and can concentrate on us
So every little girl I love is based on trust
Love is so good but there's also people
They all, there just me and you
Just the thought of you
With someone else just makes me crazy
Baby...

Hook

Chorus (repeat 2X)

[Ghostface Killah]

Miss Dee jumped out the cab, five bags, I've seen tags
The W, new models seen my name, it prints Starks
bubelgoose
This kid got ice for you miss, you heard my joints
Camay and Fish, blow a hole in the Freak'n You hype
remix
My alias crush, jag me as I hop of the buss

Smackin' me, seein' me inside of you
The righteous call it lust, slow dance on my songs
And slug one last chance, as this man choppin' 3 birds
off
The bone-cing advance...

Chorus (repeat 2X)
