Yeah...

Oh...

(Nothin's gonna stop me this time)

(Nothin's gonna stop me this time)

(Nothin's gonna stop me this time)

Been on the loosing side

This time I'll turn the tide

This time I won't give up

No baby

This time I'm in control

I want the whole world to know

Aint nothing to slow me down this time

This weird faith is on my side

And I've giving all I've got

Yeah, baby

Count every step straight to the top

[Chorus:]

And if the river's too wide, I'll get through it

And if the mountain's too high, that won't stop the  
stream of mine

I'm on my way, I've got a plan

I'm making my way any way that I can

So many times I've played

In someone else's game

This time the game is changed

Oh baby

This time I make the rules

I won't be nobody's fool

Aint no one can hold me down this time

This one's gonna be mine

There's a brand new strength I've found

Aint looking back Aint backing up

[Repeat Chorus x2]

This time around,  
I'll stand my ground I'll live my dream I realize the  
power lays deep in me  
(Nothing's gonna stop me this time. I'm on my way)  
Yeah

Been on the losing side  
This time I'll turn the tide  
This time I won't give up  
I want the whole world to know  
(Aint nothing to slow me down this time)  
This weird faith is on my side  
And I've giving all I've got  
Yeah, baby  
Count every step straight to the top

[Repeat Chorus 2x]

(I'm on my way) I'll get through it  
(I'm on my way)  
(I'm on my way) Stop this stream of mine  
(I'm on my way) I've got a plan  
(I'm on my way)  
Baby I can

(I'm on my way)  
[repeat to fade]
