Heavy  
Sincere  
Intense  
So wrong

Heavy  
Sincere  
True but blue  
Joyful but painful

I can't get the way you love me  
I can't get that way of loving  
I can't swallow the way you love me  
I can't digest your way of loving

I made you so sad  
and disappointed  
And you made me  
so sorry about that

If all I give  
is not enough  
Is not what you seek

If you expect much more  
Just forget it all  
And please let me be
