f/ Busta Rhymes

[Chorus 2X: Busta Rhymes]

Thisss one, right motherfuckin here!

Thisss one, right motherfuckin here!

Thisss one, right motherfuckin here!

Thisss one.. ha hah, word up..

[Diamond]

Now.. I love the way your hair blows in the breeze

The way your fingers move when you roll your trees

After thirty days I'm diggin on your steez

By next year I'll be down on my knees, uh

When I'm around you I hate to breeze

Seems as if I knew you, when I was rockin Lee's

Doin needle drops on "Pass the Peas"

We go together like George and Louise

You had me shaky on the hash from Lebanese

I knew you was dead-ass, when we exchanged keys

Gift certificates from Tiffany's

Even, showed you the safe where I kept my G's

I used to, toss and turn now I doze with ease

I wanna grow old, within your squeeze

Sails at night, on the Carribean seas

Coastal trips, in drop-top Z's

[Chorus]

[Diamond]

I love the way I feel when we conversate

Eatin at charities at a thousand a plate

Even had a brother on a pair of ice skates

And turned me on to snackin on rice cakes

When it comes to lovin, there's no debate

No need to swerve cause the sex is great

Every little move I anticipate, but I

take it slow like I'm on a blind date

I'm fiendin for you honey, there's no escape

I know it's gonna happen, so I just wait

You even had your girlfriends set some bait (true)

to see if my love would disintergrate

But uhh, you know my style and that ain't my trait

I stay up late, hit the crates and create

an atmosphere where we can contemplate

on our next move, so things'll be straight

[Chorus]

[Diamond]

I like to reminisce about your soft embrace

When we got it on in your lavender lace, uh

Makin moves all over the place

Lickin on each other, not leavin a trace

No more shorts, now you're rollin with an ace

You got me listenin to Monica and Case

It's funny how I used to go to face to face

to livin in a six-thousand square feet space

Now I'm laced, the memories can't be erased

On one-two-five, when I first threw bass

I was a little shy but I still gave chase

Mesmerized, by your exotic taste uh

Complete, you hold heat in your waist

Said you'd be there, if I fall from grace

But 'til the day I die I'ma stay in the race

And you can put that on my man Black Stase

[Chorus]

[Busta Rhymes]

Yes baby LOVE!

It is YOU that I'm gon' definitely have understand

how much I solidify the firm focus, on you bein the  
female

Just hold a nigga down baby, I'll give you the world

Stay tuned love, you'll see it..
