On scorched earth return me to be a simple man  
I am destined by the gods to walk this land  
An embittered poet, a slave to this black blade  
Oh, my heart still searches for truth, a lost age  
I have loved, I have lost  
I have killed those who have loved me so  
I have loved, at what cost  
Lord, I don't know  
I'm living on borrowed time  
I'm living on borrowed time  
These robes, purple royal, claim me their own  
From a city lost in dust, I stand alone  
Evil thoughts; evil minds; must I live like I do?  
Without fear, on borrowed time she helps me through  
I have loved, I have lost  
I have killed those who have loved me so  
I have loved, at what cost  
Lord, I don't know  
I'm living on borrowed time  
I'm living on borrowed time  
On scorched earth return me to be a simple man  
I am destined by the gods to walk this land  
To search for love, to search for love  
All in my heart, is this enough love...  
As Satan's child, I stand alone in hand  
I'm a nomad of this desert, barren lands  
My time is short, wild gods of air and sea  
Stand by your corruption, and thrive by sorcery  
I have loved, I have lost  
I have killed those who have loved me so  
I have loved, at what cost  
Lord, I don't know  
I'm living on borrowed time  
I'm living on borrowed time  
I'm living on borrowed time  
I'm living on borrowed time
