I can't help myself

One aim, one try
One chance, one eye
So come on let's fly, desire

Tell you once, won't tell you twice
When the spirit moves the world
We're gonna start a fire, a fire

Just one beat, just one heart
Just one beat, just one heart

I can't help myself, baby
I can't help myself
I can't help myself
Baby, I can't help myself

One sound, one band
Moving free in electric land
Never running for cover

Someday soon you'll see us next to you
And we can dance like we are two
That's true, like lovers, like lovers

Just one beat, just one heart
Just one beat, just one heart

I can't help myself
I can't help myself
Baby, I can't help myself
Baby, I can't help myself

Nothing like this dream come true
Nothing like my time with you
You're a perfect friend of mine
Rock that still can stand all time

One aim, one try
One tear, one eye, desire
One sound, one band

Walking free in electric land

Gonna start a fire
I can't help myself
We're gonna start a fire
We can't help ourselves
Just one beat, just one heart

I can't help myself
I can't help myself
Listen baby, I can't help myself
Baby, I can't help myself
