Hey mom, what do you say  
I've seen the lights more than what they say  
The music's fine, I like it loud  
I play my song, loud and proud  
Yeah baby, it's alright  
It's so late, I'll take my time  
Light the lights and burn my brain  
Sweeten me, it's just the same  
Hey dad, what do you say, oh yeah  
You gotta know, know, know what makes my day  
You hit it good, you hit it right  
I'm going on now, I'll be good tonight  
Yeah baby, it's alright  
It's so late, I'll take my time  
Light the lights and burn my brain  
Sweeten me, it's just the same  
Play it loud...  
Oh I want you to, I'll groove you too  
Loud, oh, that's gotta be  
You know it's gotta be
