Well since the day the world began
I know God has had a master plan
He made a sky to hold the sun
He made sands to hold the sea
He made hearts for neverending love
And he made you for me

CHORUS

No hurricane, no driving rain
Has our kind of power
No valley wide, no mountainslide
Can hold a love like ours
No ocean deep, no fire's heat
Can break a bond so true
Nothing, Nothing, Nothing in this world's
As strong as me and you

Through all the days and darkest nights
Our love will be the guiding light
With every breath I take
And every day I'm awake
This love of ours will never fade
Until the end of time

CHORUS

Oh, no love I know of,
Can hold me like you do

CHORUS

Strong as me and you
As strong as me and you
