I start every day with a smile on my face and the feel of  
a kiss on my lips  
When the world plays to rough I can find a healin' touch  
Life's never been better than this  
That's what I get for loving you heaven's right here in  
my hands  
A dream that is real and a heart that beats true that's  
what I get for loving you

There was a time I walked outside the lines I only  
thought of myself  
Then you sat me down turned my head around now I  
put you before everything else  
That's what I get for loving you...

Love is a feelin' I never knew much about forever's a  
word I never said until now  
That's what I get for loving you...  
That's what I get for loving you...
