SOLO: Andy.

The darkness came closer to home on the
following night

And Miriam slept like a rock when

Jonathan's face went white

The bedroom was ice cold

But the fire was burning still

The blinding light

The Family Ghost had risen again...The Ghost

"Don't be scared, Don't be scared now My Friend

I am Count de LaFey

Let me take You to the crypt down below

Where Abigail rests"

"Let Miriam sleep

She never would understand

Now come let us go...It's time to know"

SOLO: Mike - SOLO: Andy

"Beware of the slippery stairs

You could easily fall and break Your neck

Hand me that torch and I will lead the way

To the secret in the dark

Take a look into the vault, the Vault

The sarcophagus...of a child

Abigail has been in here for years and years

stillborn", Born...Born...Born

"The spirit of Abigail is inside Your Wife

and there's only one way You can stop

the rebirth of evil itself

You must take her life now
