Music and lyrics by King Diamond)

In a little cottage, in the country side

Lives a man called Harry, and he is losing his mind

Listen... Hear the spider's lullabye

It's really sad for Harry, he finds a spider scary

Even the smallest species, will make him feel uneasy

Oh, they live in every corner

Oh, and here comes the summer

There's another spider on his wall ... Gotta kill it !

Soon to be another creamy spot

As he woke up this morning, there was a spider
crawling

He felt the big surprise, before it caught his eyes

Oh, in between his face

Oh, and his pillow case

There's another spider on his wall ... Gotta kill it !

Soon to be another creamy spot

Here comes another one ... Ha... Ha... Ha... Ha... Ha

He's got to find a doctor, a very special doctor

Someone who can cure his mind

Someone who knows Harry's kind

Listen ... Hear the spider's lullabye

Those creepy crawly creatures

With all their hairy features

Hoping to catch a fly

Singing its deadly lullabye

Oh... oh, NO...

There's another spider on his wall... Gotta kill it
