Morning came and so did they, flying questions from  
the police  
I'm waiting here in an ambulance for Dr. Landau  
To return and tell me why they're taking me so far away  
"I did what I did and I'm glad I did,  
'cos I could have been the...  
I could have been the next in line"

Nobody found a trace of Missy  
I'd be the last to tell them anyway  
How could I ever ever explain

Now I hear "THEM" again, singing  
Twilight symphony, twilight  
I hear "THEM" again, singing  
Twilight symphony, twilight

Grandma' was dead with an open neck  
Blood still running from My open mouth  
I knew they would blame it, they would blame it all on  
me  
How could I ever ever explain

Now I hear "THEM" again, singing  
Twilight symphony, twilight  
I hear "THEM" again, singing  
Twilight symphony, twilight

Dr. Landau returned, and I told him the story  
"Are You mad or just insane?"  
I tried anyway  
"You can take him away now, the boy has lost his mind"  
Oh no no

Guitar solo: Andy

I haven't seen My Mother since they took me away  
And Dr. Landau wouldn't tell me  
He wouldn't tell me anything  
Oh I'm back on the outside

Guitar solo: Pete

Time has caught up with me, and I must leave for the  
old house  
Yes I must leave now  
Grandma'... I'm coming  
I'm coming home now  
I'm coming home now
