Arthur Freed / Nacio Herb Brown

Sun showers
Never mind the rain
The sun will shine again
Through sun showers

In a little while
The sky above will smile
Like luster that follows your kiss

Dark clouds of sorrow
Will soon be a sunny tomorrow
While sun flowers
Raise their happy eyes
Up to the flaming skies
Then sun showers
Leave us as they follow
Rainbows in our hearts

The gray skies soon will clear
My dear
While sun showers are here
