Like a little old fashioned music box  
With just one tune to play  
My heart keeps singing I love you  
Twenty-four hours a day

Like a little old fashioned music box  
That skips a note or two  
My heart keeps missing a heart beat  
Singing it's song about you

And although the song we know is old  
It's still the sweetest story ever told

Like a little old fashioned music box  
With just one tune to play  
My heart keeps singing I love you  
Twenty-four hours a day
