John (?) Redmond / Lee David

Oh clouds above me  
Where are the birds that used to sing?  
Everything's wrong  
Oh where is their song of love?

Where is the one  
Who said he loved me  
Far, like those clouds he used to bring  
Can it be true there's somebody new to love?

Listen my heart  
Don't feel so bad  
Think of the kisses we knew  
You know my heart  
The moments we had  
Maybe he's missing them too  
Where is the sun?

Oh clouds above me  
Don't take the dreams to which I cling  
Where is the sun?  
Oh where is the one I love?
