Teddy McRae / C. Beal / E. Fraser

Just when you are near  
When I hold you fast  
Then my dreams will whisper  
You're too lovely to last.

Lips are saying "Love"  
All worries have passed  
And then I get that feeling  
You're too lovely to last.

Will I ever know a real love?  
So I can forget you  
Will I always have to still love?  
What am I to do?

Soon the night is gone

Dreams are fading fast  
Then I wake up knowing  
You're too lovely to last.

Will I ever know a real love?  
So I can forget you  
Will I always have to still love?  
What am I to do?

Soon the night is gone  
Dreams are fading fast  
Then I wake up knowing  
You're too lovely to last  
Baby you're too lovely  
You're much too lovely to last
