Every now and then soft as breath upon my skin
I feel you come back again
And it's like you haven't been gone a moment from my
side
Like the tears were never cried
Like the hands of time are holding you and me
And with all my heart I'm sure we're closer than we ever
were
I don't have to hear or see, I've got all the proof I need
There are more than angels watching over me
I believe, I believe

Chorus

That when you die your life goes on
It doesn't end here when you're gone
Every soul is filled with light
It never ends and if I'm right
Our love can even reach across eternity
I believe, I believe

Forever, you're a part of me
Forever, in the heart of me
And I'll hold you even longer if I can
The people who don't see the most
Say that I believe in ghosts
And if that makes me crazy, then I am
'Cause I believe

There are more than angels watching over me
I believe, I believe

Every now and then,
As soft as breath upon my skin,
I feel you come back again.
And I Believe.
