You've got my attention
In every dimension
You've made a deep impression
On my heart tonight

Looks can be deceiving
But what I've been receivin'
Has got me believin'
Now the time is right

To tell you
I've got to tell you

I think I love you
I know I need you
I really want you
I have to see you
On a steady basis
That smile on your face says
You feel it too
I think I love you

So I've made a life decision
I'm on a one way mission
To bring this to fruition
And give you my heart

I'll show you
Baby, I'll show you

I think I love you
I know I need you
I really want you
I have to see you
On a steady basis
That smile on your face says
You feel it too
I think I love you

I know I need you
I really want you
I have to see you

On a steady basis
That smile on your face says
You feel it too
I think I love you
