"Love Takes You There"

Visit "[Love Takes You There](#)" on MotoLyrics.com

In a chapel halfway across town
With a ring two hearts find common ground
A mother holds her miracle of birth
In his eyes he sees what dreams are worth

There's places you'll never find
Without love as your guide
To reach the destinations of the heart
So, if you trust enough to care
You can go anywhere
But only love
Takes you there

See a couple walking hand in hand
Sharing a moment only lovers can
And sitting on a Greyhound all alone
A soldier with a suitcase heading home

There's places you'll never find
Without love as your guide
To reach the destinations of the heart
So, if you trust enough to care
You can go anywhere
But only love
Takes you there

So, if you trust enough to care
You can go anywhere
But only love
Only love takes you there
