Lyin' on our backs
we've stared at the stars
tryin' to count them
or guess how far
I still remember
the way that it felt
the night we hung our dreams out on O'Rien's belt
the moonlight danced out on the water's edge
we started a walk that hasn't ended yet
and...
step by step
and...
mile by mile
taking each turn together
followin' the signs that point to forever
and...
side by side
true and tender hearted we'll finish
what we've started
