I start every day with a smile on my face
And the feel of a kiss on my lips
When the world plays too rough, I can find a healing
touch
Life's never been better than this

That's what I get for loving you
Heaven's right here in my hands
A dream that is real and a heart that beats true
That's what I get for loving you

There was a time I walked outside the lines
I only thought of myself
Then you sat me down, turned my head around
Now, I put you before everything else

That's what I get for loving you
Heaven's right here in my hands
A dream that is real and a heart that beats true
That's what I get for loving you

Love is a feeling I never knew much about
Forever's a word I never said until now

That's what I get for loving you
Heaven's right here in my hands
A dream that is real and a heart that beats true
That's what I get for loving you

That's what I get for loving you
Heaven's right here in my hands
A dream that is real and a heart that beats true
That's what I get for loving you
