Sometimes a careless word just rolls right off my tongue
Now matter what I do it leaves you all undone
Hey baby, no need to go crazy over some little something I've said
Can't you see you're the keeper of my heart
Even when I lose my head

We've still got it good, no matter how bad it gets
Even after all this time, the slipper still fits
Hey, just look at how far we've come by choosing to stay
Baby, don't go there, love don't get nowhere walkin' away

Sometimes the whisper of love gets lost in that angry shout
Even hearts that are in this deep might think about an easy way out
One honest touch makes those worries just fade like stars at dawn
These occasional moments of weakness
Only makes our love more strong

We've still got it good, no matter how bad it gets
Even after all this time, the slipper still fits
Hey, just look at how far we've come by choosing to stay
Baby, don't go there, love don't get nowhere walkin' away

It gets easier all the time
Oh and harder and harder to leave behind

We've still got it good, no matter how bad it gets
Even after all this time, the slipper still fits
Hey, just look at how far we've come by choosing to stay
Baby, don't go there, love don't get nowhere walkin' away
Baby, don't go there, love don't get nowhere walkin' away
