She's in the driver's seat on this one way street
Thrilling me before she kills me in the crash
Once again she's showing off everything
Teasing me with what I can't yet have

She's a thrillseeker, throw it into high gear
And while we're young, we'll burn, we'll burn alive
She's a thrillseeker, she's street illegal
I'd Do anything to commit this crime

Thrillseeker take me for a ride
Thrillseeker take me for a ride

My eyes can't help but wander honey
And when they do you know my hands will follow soon
She works no engine like my
Baby bring a friend next time
Bring a friend next time

She's a thrillseeker, throw it into high gear
And while we're young, we'll burn, we'll burn alive
She's a thrillseeker, she's street illegal
I'd Do anything to commit this crime

Thrillseeker take me for a ride
Thrillseeker take me for a ride
Thrillseeker take me for a ride
Thrillseeker take me for a ride
