You were all I never wanted anyhow, yeah  
But I sure want you now, yeah  
But it's all over now  
So it doesn't really matter  
Don't know why I feel so shattered  
[fade]

It was all a dream so it seems to me now  
How to fall in love into the heavens then floating down  
Was it all in my head this premonition?  
When I look back it's hard to tell the difference  
Between what really happened  
And what I imagined

But it's all over now  
So it doesn't really matter  
Don't know why I feel so shattered  
I shoulda known better  
You were all I never wanted anyhow, yeah  
And I sure want you now, yeah  
But it's all over now  
So it doesn't really matter  
Don't know why I feel so shattered  
I shoulda known better  
You were all I ever wanted anyhow, yeah  
[fade]

You were all I ever wanted anyhow, yeah  
And I sure want you now, yeah  
But it's all over now  
So it doesn't really matter  
Don't know why I feel so shattered  
[fade]
