I don't know what we did last night, I hardly recall
I don't remember your name, you should have slept on
the floor
I was awake when you left, creeping 'round my bed
And now I've got a headache and you've got a
girlfriend
You ask me to keep it quiet well, what does that mean
I can't keep it from her if you can't keep it from me
Well you said I was a good fuck, as if I don't know
You grope like a drunk with two seconds to blow
And I played the part, I did what you asked
I don't know who you thought you were, or who you
thought I was
You ask me to keep it quiet well, what does that mean
I can't keep it from her if you can't keep it from me
You ask me to keep it quiet well, what does that mean
I can't keep it from her if you can't keep it from me
Little piece of me, piece of me, little piece of me
Piece of me
I'm not gonna tell my friends, yeah I did it again
They'll say damn your stupid, your a sucker for pain
But I can keep it under my breath, I won't ever mention
I guess I can put it all down to experience
I don't know what we did, I don't remember at all
I don't know your name, you should have slept on the
floor
I was awake when you left creeping round and round
my bed
And now you've got a girlfriend and I've got a splitting
head
And I can keep it quiet, what does that mean
I can't keep it from her if you can't keep it from me
Piece of me, piece of me, piece of me, piece of me
Piece of me, piece of me, piece of me, piece of me
I can't keep it from her, a piece of me
