I'm a social disaster, I'm like a nuclear reactor  
Walking around with fire in my mouth  
Ready to spit it all out, so don't get in my way  
'cause sometimes I don't shoot real straight  
And I wouldn't want to fire on you  
If your ok  
Are you ok? I'm ok  
Are you ok? I'm ok  
I'm a misfit  
Sitting in a corner trying  
To sort out everybody's shit  
I look and there's no empty plates  
So I turn and chuck it in the nearest face  
So if it doesn't belong to you  
Get out of the way I wouldn't  
Want to fire on you  
If your ok
