A hundred thousand fire flies lined up before me
And if I turn my head onto the side they become my
ceiling
And the floor is slippery but I'm not scared
Cos I dance with my guitar when my feet are bear
And the lights are so bright and so unreal
And my fingers are bleeding but I can't feel them
And if you think that I'm quiet then you don't read my
eyes
Cos I got a lot to say and most other times

(chorus)

I go off and if you don't believe it
I go off right here right now
I go off and if you don't believe it
Well I'll go off you're not listening very hard

Well it's hot and smokey a lot of the time
And I bus it or thumb it & I plain or drive
And sometimes there's roses
And sometimes there's coins
But well I never really noticed for the sound of my voice
so

(chorus)

On the back of a motorbike and it's raining hard
And I'm strapped to a man on one side and to my
guitar
And I have to fight the bouncer when I get to my
destination
Because he doesn't recognise me from my promotion
And I say now hey is that my problem
You should really get together man
I got a room full of people waiting for me again and

(chorus)

My imagination is a party and I invite you
And I'm a good hostess so i won't bite you
I really like it here It's such a thrill
And I think the fire flies are really cool so

(Chorus)
