Tell me that it's okay
to wanna be more than I am
you see im just a junkie
for the world to see
how bad i've been

and what if it's just right to me now
it doesn't take a lot to figure out
what in the world am i supposed to know by now

even if it's all erased
and im never gunna be saved
i want it blaring out in front of me

tell you why its okay to be this way
ill try to explain
you say its just a bad phase
that i must be in
and your wrong again
what if its the way i wanna stay
shouldn't take the bullshit out of me
what in the world am i supposed to try and be

even if it's all erased
and im never gunna be saved
i want it blaring out in front of me
even if it's all a waste
im never gunna walk beside
i want it blaring out in front of me

its better than tv
more than anyone can take away
it'll never be the same for me
it isn't just a phase im in
its better than a big screen
more than anyone can explain
itll never be the same
this is more than just a game

and what if it's just right to me now
it doesn't take a lot to figure out

what in the world am i supposed to know by now

even it's all a waste
and im never gonna be saved
i want it blaring out in front of me
even it's all a waste
and im never gonna be saved
i want it blaring out in front of me

i want it blaring out in front of me
i want it blaring out in front of me
