It was all a dream so it seems to me now
All the falling up into the heavens then floating down
Was it all in my head this premonition?
When I look back it's hard to tell the difference
Between what really happened and what I imagined

But it's all over now so it doesn't really matter
Don't know why I feel so shattered, I should've known better
You were all I never wanted anyhow, yeah
But I sure want you now, I want you

Well I thought I knew I was under control
You would never be the one to shake me, what did I know?
Well, it's strange how you feel when you're so mistaken
When you knew it was wrong from the start but you couldn't let it go
That's why I feel so faded, I'm trying to turn the pages

But it's all over now so it doesn't really matter
Don't know why I feel so shattered, I should've known better
You were all I never wanted anyhow, yeah
But I sure want you now, I want you

I'm not coming around again
I'm not going down again
No hangin' on
No lookin' back
There's nothing more to say

But it's all over now so it doesn't really matter
Don't know why I feel so shattered, I should've known better
You were all I never wanted anyhow, yeah
But I sure want you now, yeah

But it's all over now so it doesn't really matter
Don't know why I feel so shattered, I should've known better
You were all I never wanted anyhow, yeah

But I sure want you, but I sure want you
I sure want you now, I sure want you now
